PSU IEEE Student branch

Workshop - Winter Term 2020

An Introduction to Virtual Development Environments

Come join the PSU IEEE Student group
**Friday Mar. 6th, 2020** at the Engineering Building room 92 ([map](#)) from 12-2pm.

Come and learn about how to setup Virtual Machines for hardware and software development of Windows/Linux/OSX and embedded ARM based systems. Bolster your resume by learning *industry* standard tools and practices.

This is a hands-on workshop so bring a laptop and follow along.

Pizza lunch will be provided for all attendees.

**All are welcome**

Date:
6 March 2020

Time:
12:00 to 2:00pm

Location:
Engineering Building Room 92
