BECOME A MASEEH COLLEGE AMBASSADOR

What is an Ambassador: MCECS Student Ambassadors are a team of student leaders that represent the college to a wide array of audiences. Ambassadors promote Engineering and Computer Science through recruitment and outreach events.

What do Ambassadors do? Ambassadors work with the Dean’s Office to represent the College to classrooms, prospective students, and a variety of other audiences. Responsibilities include: serving as a tour guide, delivering presentations, leading outreach activities, and assisting with other co-curricular events.

Ambassador Goals Are To:
Inspire all students, especially those underrepresented in STEM fields to pursue a degree in Engineering or Computer Science. Provide support for MCECS students through community-building events and help to increase student persistence and promote diversity, equity, and inclusion in STEM.

Required Time Commitment:
- ~10 hours/month, including Fridays, some evenings and weekends
- Attend 2 yearly training/team-building events and 1 meeting/month
- Lead minimum 1 tour/term

Pay rate is $12.50/hour
Training will begin fall 2019
